PARVIN HEDGED EQUITY SOLARI WORLD FUND SUMMARY

INVESTMENT OBJECTIVE:

The Parvin Hedged Equity Solari World Fund (the "Fund") seeks capital preservation, current income, and growth.

The Fund may change its investment objectives without shareholder approval, although it has no current intention to do so. Shareholders will be provided with at least 60 days' prior written notice of any change to the Fund's investment objectives.

FEES AND EXPENSES OF THE FUND:

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees (fees paid directly from your investment)	
Maximum Sales Charge (Load) Imposed on Purchases (as a % of offering price)	None
Maximum Deferred Sales Charge (Load) (as a % of original purchase price)	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends and other Distributions	None
Redemption Fee (as a % of amount redeemed, if sold within 60 days)	None
Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)	
Management Fees	1.25%
Distribution and/or Service (12b-1) Fees	0.25%
Acquired Fund Fees and Expenses	0.02%
Other Expenses	12.01%
Total Annual Fund Operating Expenses	13.53%
Fee Waiver and/or Expense Reimbursement ⁽¹⁾	(11.22)%
Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement	2.31%

(1) The Fund's Adviser (defined below) has contractually agreed to reduce its fees and to reimburse expenses, at least through December 31, 2023, to ensure that total annual Fund operating expenses after fee waiver and reimbursement (exclusive of any acquired fund fees and expenses, interest expenses, dividend expenses on short sales, taxes, brokerage commissions, expenses incurred in connection with any merger or reorganization, or extraordinary expenses such as litigation) will not exceed 2.25% of the Fund's average daily net assets. These fee waivers and expense reimbursements are subject to possible recoupment from the Fund within three years of the date on which the waiver or reimbursement occurs, if such recoupment can be achieved within the lesser of the foregoing expense limits or the expense limits in place at the time of recoupment. This agreement may be terminated only by the Fund's Board of Trustees, on 60 days written notice to the Fund's Adviser.

Example: This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same as those reflected in the above fee table. The Example assumes the impact of the fee waiver in 1 Year example. Although your actual costs may be higher or lower, based upon these assumptions your costs would be:

1 Year	3 Years	5 Years	10 Years
\$234	\$2,778	\$4,907	\$8,833

Portfolio Turnover: The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual operating expenses or in the Example, affect the Fund's performance.

PRINCIPAL INVESTMENT STRATEGY:

Parvin Asset Management, LLC (the "Sub-Adviser") seeks to achieve the Fund's investment objective by investing pursuant to a strategy designed for more risk-averse investors to realize the growth and income potential of stocks but guard against the full impact of market losses. The Sub-Adviser utilizes a global universe of stocks for this strategy. Under normal market conditions, the Fund will invest at least 80% of its net assets (plus borrowings for investment purposes) in equity securities. The Fund's investment in equity securities may be of any market capitalization. In addition, under normal market conditions, the Fund will invest in at least three countries (one of which may be the United States) and will invest at least 40% of its total assets at the time of purchase in non-U.S. companies. Of investments held in the Fund, approximately 40%-60% are expected to be U.S. domestic companies, approximately 30%-50% companies located in international developed markets, and approximately 10%-30% companies domiciled in emerging markets. The Sub-Adviser expects international equity investments to include American Depositary Receipts ("ADR's") that trade in U.S. markets. The Fund considers emerging market issuers to be those countries represented in the MSCI Emerging Markets Index. The Fund is a diversified investment company.

Potential investments for the Fund's portfolio are first screened by Solari Investment Advisory Services, LLC (the "Screen Manager" or "Solari"), for environmental, social and governance ("ESG") concerns. The Screen Manager considers corporate governance as the primary concern because Solari believes that moral, ethical and legally managed enterprises should find that environmental and social complaints are limited because management is naturally led toward appropriate decision-making.

Following the ESG screen, the Sub-Adviser selects stocks of profitable, attractively valued companies that are expected to generate a positive total economic return to both shareholders and society at large. The Sub-Adviser's selection process targets seasoned, well-capitalized businesses generating cash from profitable operations in markets around the world. If profitability is expected to become permanently impaired because of diminishing growth prospects or higher capital requirements, a position may be sold. The Sub-Adviser will hedge the Fund's equity exposure by using put options on equity indexes and exchange traded funds ("ETFs") that invest in stocks held by equity indexes. The Sub-Adviser seeks to provide returns that reflect a combination of the lower volatility of bonds and the higher appreciation of stocks.

PRINCIPAL INVESTMENT RISKS:

As with all mutual funds, there is risk that you could lose money through your investment in the Fund. Investing in the Fund can result in a loss of some or all amounts invested.

Equity Risk: Equity security values held by the Fund may fall due to general market and economic conditions, perceptions regarding the industries in which the issuers of the securities participate or other factors relating to the companies.

Foreign Securities Risk: Changes in foreign economies and political climates are more likely to affect the Fund than a mutual fund that invests exclusively in U.S. companies. Foreign companies are generally not subject to the same regulatory requirements of U.S. companies thereby resulting in less publicly available information about these companies. In addition, foreign accounting, auditing and financial reporting standards generally differ from those applicable to U.S. companies.

ADR Risk: In addition to the risks of investing in foreign securities discussed below, there is no guarantee that an ADR issuer will continue to offer a particular ADR. As a result, the Fund may have difficulty selling the ADRs, or selling them quickly and efficiently at the prices at which they have been valued.

Emerging Markets Risk: Investing in emerging markets involves not only the risks described below with respect to investing in foreign securities, but also other risks, including exposure to economic structures that are generally less diverse and mature, and to political systems that can be expected to have less stability, than those of developed countries. The typically small size of the markets of securities of issuers located in emerging markets and the possibility of a low or nonexistent volume of trading in those securities may also result in a lack of liquidity and in price volatility of those securities.

Hedging Risk: Hedging is a strategy in which the Fund uses an option to offset the risks associated with other Fund holdings. There can be no assurance that the Fund's hedging strategy will reduce risk or that hedging transactions will be either available or cost effective potentially resulting in losses for the Fund.

Options Risks: The Fund may lose money using options, regardless of the purpose for using such instruments. Using options may increase the volatility of the Fund's net asset value and may involve a small investment relative to the risk assumed. The Adviser's option strategy may not perform as expected, resulting in potential losses for the Fund.

Investment Risk: You could lose money by investing in the Fund. An investment in the Fund is not a deposit to a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

Large-Capitalization Risk: Larger, more established companies may be unable to attain the high growth rates of successful, smaller companies during periods of economic expansion.

Management Risk: The Fund is an actively managed portfolio. The Sub-Adviser will apply investment techniques and risk analyses in making investment decisions for the Fund, but there can be no guarantee that the Fund will achieve its investment objective. The Sub-Adviser may fail to select investments that do not perform as anticipated by the Sub-Adviser. The Fund could lose value or its investment results could lag relevant benchmarks or other funds with similar objectives.

Market and Geopolitical Risk: The prices of securities held by the Fund may decline in response to certain events taking place around the world, including those directly involving the companies whose securities are owned by the Fund. Securities in the Fund's portfolio may underperform due to inflation (or expectations for inflation), interest rates, global demand for particular products or resources, natural disasters, pandemics, epidemics, terrorism, regulatory events and governmental or quasi-governmental actions. There is a risk that you may lose money by investing in the Fund.

New Adviser Risk: Given that the Sub-Adviser is a new entity, it has not previously managed a mutual fund. Mutual funds and their advisers are subject to restrictions and limitations imposed by the Investment Company Act of 1940, as amended, and the Internal Revenue Code that do not apply to the Sub-Adviser's management of other types of individual and institutional accounts. As a result, investors do not have a long-term track record of managing a mutual fund from which to judge the newly formed Sub-Adviser and the Sub-Adviser may not achieve the intended result in managing the Fund.

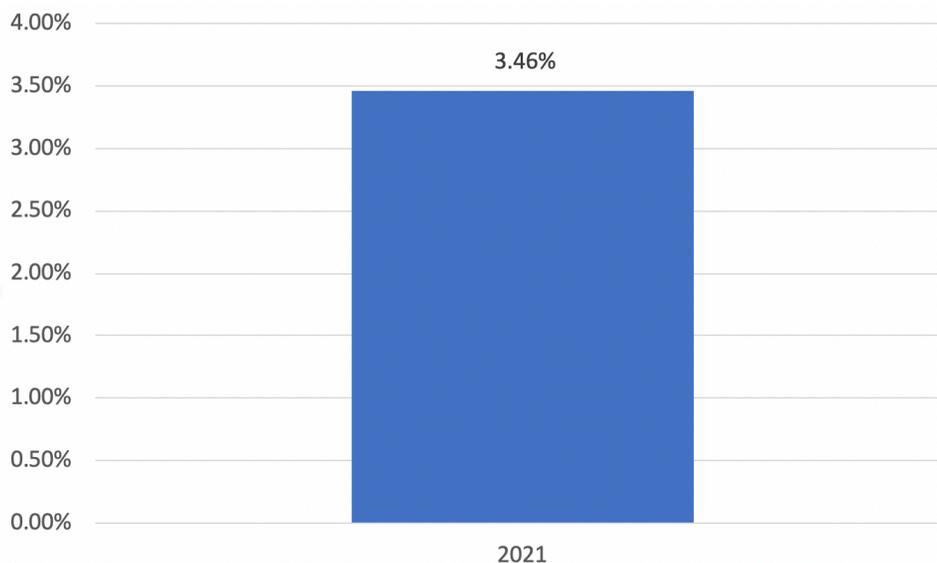

Sector Risk: The Fund may focus its investments in securities of a particular sector from time to time. Economic, legislative or regulatory developments may occur that significantly affect the sector. This may cause the Fund's net asset value to fluctuate more than that of a fund that does not focus in a particular sector.

Small- and Mid-Capitalization Stock Risk: The stocks of small- and mid-capitalization companies often have greater price volatility, lower trading volume, and less liquidity than the stocks of larger, more established companies.

PERFORMANCE:

The following bar chart and table below provide some indication of the risks of investing in the Fund by showing changes in the Fund's performance from year to year and by showing how the Fund's average annual returns compare with those of a broad-based securities market index. Past performance does not necessarily indicate how a Fund will perform in the future. Updated performance information will be available at no cost by calling 1-866-458-4744 and may also be available at www.parvinfunds.com.

Performance Bar Chart – Calendar Years Ended December 31

Best Quarter	December 31, 2021	5.14%
Worst Quarter	September 30, 2021	-3.62%

Performance Table – Average Annual Total Returns (For periods ended December 31, 2021)

	1 year	Since Inception*
Return before Taxes	3.46%	3.46%
Return after taxes on distributions	2.66%	2.66%
Return after taxes on distributions and sale of Fund shares	2.09%	2.09%
MSCI All Country World Index (reflects no deduction for fees, expenses, or taxes)	19.05%	19.05%

*Inception December 31, 2020

The MSCI All Country World Index (ACWI Index) is a free-float weighted equity index which serves as the Fund's benchmark. It was developed with a base value of 100 as of December 31, 1987. The benchmark includes both emerging and developed world markets. The Fund follows an ESG screen and includes market index put options, neither of which is part of the ACWI Index. Investors cannot invest directly in an index.

INVESTMENT ADVISER:

Parvin Fund Management, LLC

INVESTMENT SUBADVISER:

Parvin Asset Management, LLC

PORTFOLIO MANAGER:

J. Steven Smith is the managing director of Parvin Fund Management, LLC and Parvin Asset Management, LLC and portfolio manager of the Fund. He is and has been primarily responsible for the Fund's day to day management since its inception in December 2020.

PURCHASE AND SALE OF FUND SHARES:

You may purchase and redeem shares of the Fund on any day that the New York Stock Exchange is open for trading. You may redeem shares by written request, telephone or through a financial intermediary.

Minimum initial investment: \$1,000; \$50 subsequent investments; with an Automatic Investment Plan, \$1,000 minimum initial investment; \$50 subsequent investments.

However, the Fund or the adviser may waive any minimum investment requirement at its discretion.

TAX INFORMATION:

Dividends and capital gain distributions you receive from the Fund, whether you reinvest your distributions in additional Fund shares or receive them in cash, are taxable to you at either ordinary income or capital gains tax rates unless you are investing through a tax-deferred plan such as an IRA or 401(k) plan. However, such distributions may be taxed later upon withdrawal of monies from the plan.

PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES:

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the adviser may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

ADDITIONAL INFORMATION ABOUT THE FUND'S PRINCIPAL INVESTMENT STRATEGIES AND RELATED RISKS**INVESTMENT OBJECTIVES:**

The Fund seeks capital preservation, current income, and growth.

The Fund may change its investment objectives without shareholder approval, although it has no current intention to do so. Shareholders will be provided with at least 60 days' prior written notice of any change to the Fund's investment objectives.

PRINCIPAL INVESTMENT STRATEGY:

Parvin Asset Management, LLC (the "Sub-Adviser") seeks to achieve the Fund's investment objective by investing pursuant to a strategy designed for more risk-averse investors to realize the growth and income potential of stocks but guard against the full impact of market losses. The Sub-Adviser utilizes a global universe of stocks for this strategy. Under normal market conditions, the Fund will invest at least 80% of its net assets (plus borrowings for investment purposes) in equity securities. The Fund's investment in equity securities may be of any market capitalization. In addition, under normal market conditions, the Fund will invest in at least three countries (one of which may be the United States) and will invest at least 40% of its total assets at the time of purchase in non-U.S. companies. Of investments held in the Fund, approximately 40%-60% are expected to be U.S. domestic companies, approximately 30%-50% companies located in international developed markets, and approximately 10%-30% companies domiciled in emerging markets. The Sub-Adviser expects international equity investments to include American Depositary Receipts ("ADR's") that trade in U.S. markets. The Fund considers emerging market issuers to be those countries represented in the MSCI Emerging Markets Index. The Sub-Adviser expects the Fund's portfolio to hold between 25-50 investment positions, of which 3-5 may be equity index put options comprising approximately 5% of the overall portfolio. The Fund is a diversified investment company.

Potential investments for the Fund's portfolio are first screened by Solari Investment Advisory Services, LLC (the "Screen Manager" or "Solari"), for environmental, social and governance ("ESG") concerns. The Screen Manager considers corporate governance as the primary concern because Solari believes that moral, ethical and legally managed enterprises should find that environmental and social complaints are limited because management is naturally led toward appropriate decision-making. Solari screens for: (1) companies with proven leadership and management who can provide disciplined governance along with effective strategic direction; (2) companies with fundamentally lawful business models; (3) companies that do not incur risk from technically legal but highly unethical business practices; (4) companies that prosper in private markets and are not materially dependent on direct or indirect government subsidy; and (5) companies that provide transparent disclosure. Solari intends to screen out companies engaged in corporate voyeurism, financial fraud, abusive behavior, fake food, health control, private prisons, security exploitation, and non-native radiation, among other activities.

Following the ESG screen, the Sub-Adviser selects stocks of profitable, attractively valued companies that are expected to generate a positive total economic return to both shareholders and society at large. The Sub-Adviser's selection process targets seasoned, well-capitalized businesses generating cash from profitable operations in markets around the world. The Sub-Adviser looks for stock holdings that are usually characterized by relatively high returns on capital; reasonably steady earnings growth; attractive valuation; substantial income, as appropriate; and diversification across six, or more, economic sectors. The Fund is further diversified across geographic locations. The Sub-Adviser will hedge the Fund's equity exposure by using put options on equity indexes and exchange traded funds ("ETFs") that invest in stocks held by equity indexes. The Sub-Adviser attempts to generate additional gains or income from premiums received writing (selling) cash-backed put options and covered call options on individual stocks. The Sub-Adviser seeks to provide returns that reflect a combination of the lower volatility of bonds and the higher appreciation of stocks.

PRINCIPAL INVESTMENT RISKS:

As with all mutual funds, there is risk that you could lose money through your investment in the Fund. Investing in the Fund can result in a loss of some or all amounts invested.

Equity Risk: Equity securities are susceptible to general stock market fluctuations and to volatile increases and decreases in value. The equity securities held by the Fund may experience sudden, unpredictable drops in value or long periods of decline in value. This may occur because of factors affecting securities markets generally, the equity securities of a particular sector, or a particular company.

Foreign Securities Risk: Changes in foreign economies and political climates are more likely to affect the Fund than a mutual fund that invests exclusively in U.S. companies. There may also be less government supervision of foreign markets, resulting in non-uniform accounting practices and less publicly available information. The values of foreign investments may be affected by changes in exchange control regulations, application of foreign tax laws (including withholding tax), changes in governmental administration or economic or monetary policy (in this country or abroad) or changed circumstances in dealings between nations. In addition, foreign brokerage commissions, custody fees and other costs of investing in foreign securities are generally higher than in the United States. Investments in foreign companies, particularly in less developed markets, could be affected by other factors not present in the U.S., including expropriation, armed conflict, confiscatory taxation, and potential difficulties in enforcing contractual obligations. As a result, the Fund may be exposed to greater risk and will be more dependent on the adviser's ability to assess such risk than if the Fund invested solely in the U.S. or more developed foreign markets.

Hedging Risk: Hedging is a strategy in which the Fund uses an option to offset the risks associated with other Fund holdings. There can be no assurance that the Fund's hedging strategy will reduce risk or that hedging transactions will be either available or cost effective. The Fund is not required to use hedging and may choose not to do so.

Options Risks: The Fund may lose money using options, regardless of the purpose for using such instruments. Using options may increase the volatility of the Fund's net asset value and may involve a small investment relative to the risk assumed. The Adviser's option strategy may not perform as expected, resulting in potential losses for the Fund.

ADR Risk: ADRs may be subject to some of the same risks as direct investment in foreign companies, which includes international trade, currency, political, regulatory and diplomatic risks. In a sponsored ADR arrangement, the foreign issuer assumes the obligation to pay some or all of the depositary's transaction fees. Under an unsponsored ADR

arrangement, the foreign issuer assumes no obligations and the depositary's transaction fees are paid directly by the ADR holders. Because unsponsored ADR arrangements are organized independently and without the cooperation of the issuer of the underlying securities, available information concerning the foreign issuer may not be as current as for sponsored ADRs and voting rights with respect to the deposited securities are not passed through.

Emerging Markets Risk: The Fund may invest in countries with newly organized or less developed securities markets. There are typically greater risks involved in investing in emerging markets securities. Generally, economic structures in these countries are less diverse and mature than those in developed countries and their political systems tend to be less stable. Emerging market economies may be based on only a few industries, therefore security issuers, including governments, may be more susceptible to economic weakness and more likely to default. Emerging market countries also may have relatively unstable governments, weaker economies, and less-developed legal systems with fewer security holder rights. Investments in emerging markets countries may be affected by government policies that restrict foreign investment in certain issuers or industries. The potentially smaller size of their securities markets and lower trading volumes can make investments relatively illiquid and potentially more volatile than investments in developed countries, and such securities may be subject to abrupt and severe price declines. Due to this relative lack of liquidity, the Fund may have to accept a lower price or may not be able to sell a portfolio security at all. An inability to sell a portfolio position can adversely affect the Fund's value or prevent the Fund from being able to meet cash obligations or take advantage of other investment opportunities.

Investment Risk: You could lose money by investing in the Fund. An investment in the Fund is not a deposit to a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

Large-Capitalization Risk: Large-capitalization companies may be less able than smaller capitalization companies to adapt to changing market conditions. Large-capitalization companies may be more mature and subject to more limited growth potential compared with smaller capitalization companies. During different market cycles, the performance of large capitalization companies has trailed the overall performance of the broader securities markets.

Management Risk: The Fund is an actively managed portfolio. The Sub-Adviser will apply investment techniques and risk analyses in making investment decisions for the Fund, but there can be no guarantee that the Fund will achieve its investment objective. The Sub-Adviser may fail to select investments that do not perform as anticipated by the Sub-Adviser. The Fund could lose value or its investment results could lag relevant benchmarks or other funds with similar objectives.

Market and Geopolitical Risk: The prices of securities held by the Fund may decline in response to certain events taking place around the world, including those directly involving the companies whose securities are owned by the Fund; conditions affecting the general economy; overall market changes; local, regional or global political, social or economic instability; and currency, interest rate and commodity price fluctuations. The value-oriented equity securities purchased by the Fund may not rise to the value anticipated by the portfolio manager and may even decline in value. Investors in the Fund should have a long-term perspective and be able to tolerate potentially sharp declines in value. The value of your investment in the Fund is based on the market prices of the securities the Fund holds. These prices change daily due to economic and other events that affect markets generally, as well as those that affect particular regions, countries, industries, companies or governments. The increasing interconnectivity between global economies and financial markets increases the likelihood that events or conditions in one region or financial market may adversely impact issuers in a different country, region or financial market. Securities in the Fund's portfolio may underperform due to inflation (or expectations for inflation), interest rates, global demand for particular products or resources, natural disasters, pandemics, epidemics, terrorism, regulatory events and governmental or quasi-governmental actions. The occurrence of global events similar to those in recent years, such as terrorist attacks around the world, natural disasters, social and political discord or debt crises and downgrades, among others, may result in market volatility and may have long term effects on both the U.S. and global financial markets. There is a risk that you may lose money by investing in the Fund.

Sector Risk: Sector concentration risk is the possibility that securities within the same sector will decline in price due to sector-specific market or economic developments. If the Fund invests more heavily in a particular sector, the value of its shares may be especially sensitive to factors and economic risks that specifically affect that sector. As a result, the Fund's share price may fluctuate more widely than the value of shares of a mutual fund that invests in a broader

range of sectors. Additionally, some sectors could be subject to greater government regulation than other sectors. Therefore, changes in regulatory policies for those sectors may have a material effect on the value of securities issued by companies in those sectors.

Small- and Mid-Capitalization Stock Risk: The stocks of small and medium capitalization companies involve substantial risk. These companies may have limited product lines, markets or financial resources, and they may be dependent on a limited management group. Stocks of these companies may be subject to more abrupt or erratic market movements than those of larger, more established companies or the market averages in general.

TEMPORARY INVESTMENTS:

To respond to unusual situations, the Fund may invest 100% of its total assets, without limitation, in high-quality short-term debt securities and money market instruments. These short-term debt securities and money market instruments include: shares of money market mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. Government securities and repurchase agreements. While the Fund is in a defensive position, the opportunity to achieve its investment objective will be limited. Furthermore, to the extent that either Fund invests in money market mutual funds for cash positions, there will be some duplication of expenses because the Fund pays its pro-rata portion of such money market funds' advisory fees and operational fees. The Fund may also invest a substantial portion of its assets in such instruments at any time to maintain liquidity or pending selection of investments in accordance with its policies.

PORTFOLIO HOLDINGS DISCLOSURE:

A description of the Fund's policies regarding the release of portfolio holdings information is available in the Fund's Statement of Additional Information.

CYBERSECURITY:

The computer systems, networks and devices used by the Fund and its service providers to carry out routine business operations employ a variety of protections designed to prevent damage or interruption from computer viruses, network failures, computer and telecommunication failures, infiltration by unauthorized persons and security breaches. Despite the various protections utilized by the Fund and its service providers, systems, networks, or devices potentially can be breached.

The Fund and its shareholders could be negatively impacted as a result of a cybersecurity breach. Cybersecurity breaches can include unauthorized access to systems, networks, or devices; infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. Cybersecurity breaches may cause disruptions and impact the Fund's business operations, potentially resulting in financial losses; interference with the Fund's ability to calculate their NAV; impediments to trading; the inability of the Fund, the adviser, and other service providers to transact business; violations of applicable privacy and other laws; regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs; as well as the inadvertent release of confidential information.

Similar adverse consequences could result from cybersecurity breaches affecting issuers of securities in which the Fund invests; counterparties with which the Fund engages in transactions; governmental and other regulatory authorities; exchange and other financial market operators, banks, brokers, dealers, insurance companies, and other financial institutions (including financial intermediaries and service providers for the Fund's shareholders); and other parties. In addition, substantial costs may be incurred by these entities in order to prevent any cybersecurity breaches in the future.

MANAGEMENT

INVESTMENT ADVISER:

Parvin Fund Management, LLC, located at 101 S. Reid Street, Suite 307, Sioux Falls, SD 57103, serves as investment adviser to the Fund. Subject to the authority of the Board of Trustees, the Adviser is responsible for the overall management of the Fund's investment portfolio. The Adviser is a South Dakota limited liability company formed in September 2020 to provide investment advisory services to the Fund.

Pursuant to a management agreement (the "Management Agreement"), the Fund pays the Adviser, on a monthly basis, an annual advisory fee equivalent to 1.25% of the Fund's average daily net assets. The Adviser has contractually agreed to reduce its fees and to reimburse expenses, at least through December 31, 2023 to ensure that total annual Fund operating expenses after fee waiver and reimbursement (acquired fund fees and expenses, interest expenses, dividend expenses on short sales, taxes, brokerage commissions, expenses incurred in connection with any merger or reorganization, or extraordinary expenses such as litigation) will not exceed 2.25% of the Fund's average daily net assets. The fee waiver and expense reimbursement are subject to possible recoupment from the Fund within three years after the date on which the waiver or reimbursement occurs, if such recoupment can be achieved within the lesser of the foregoing expense limit or the expense limits in place at the time of recoupment. This agreement may be terminated only by the Fund's Board of Trustees, on 60 days' written notice to Adviser. Fee waiver and reimbursement arrangements can decrease the Fund's expenses and boost its performance. A discussion regarding the basis for the Board of Trustees' approval of the Management Agreement is available in the Fund's semi-annual report to shareholders dated May 31, 2021.

INVESTMENT SUBADVISER:

The Adviser has engaged Parvin Asset Management, LLC to provide investment sub-advisory services to the Fund. The Adviser compensates the Sub-Adviser for its services from management fees it receives from the Fund. As compensation for its services, the Adviser pays the Sub-Adviser a fee equal to 80% of the advisory fee.

Parvin Asset Management, LLC, located at 101 S. Reid Street, Suite 307, Sioux Falls, SD 57103, is a South Dakota limited liability company which provides investment advisory services to the Fund, and has approximately \$102 million assets under management as of March 4, 2022.

A discussion regarding the Board of Trustees' approval of the Sub-Advisory Agreement with respect to the Fund is available in the Fund's annual report for the fiscal period ended November 30, 2021.

PORTFOLIO MANAGER:

J. Steven Smith directs Fund investments for the Sub-Adviser. He is and has been primarily responsible for the Fund's day to day management since its inception in December 2020. He is the managing director of the Adviser and the Sub-Adviser. Including his present role, Steve compiled more than 40 years of experience in banking, securities analysis, corporate valuation and portfolio management as an investment committee member at Nuveen in Radnor, PA; investment banker at Morgan Stanley and Lehman Brothers; and Treasurer of Harman International. Steve received his BA in Economics from Williams College, earned an MBA from the Tuck School of Business at Dartmouth, and was awarded the CFA designation.

HOW SHARES ARE PRICED

The Fund's assets are generally valued at their market value using market quotations. The Fund may use pricing services to determine market value. If market prices are not available or, in the Adviser's opinion, market prices do not reflect fair value, or if an event occurs after the close of trading on the domestic or foreign exchange or market on which the security is principally traded (but prior to the time the NAV is calculated) that materially affects fair value, the investment Adviser will value the Fund's assets at their fair value according to policies approved by the Fund's Board of Trustees. For example, if trading in a portfolio security is halted and does not resume before the Fund calculates its NAV, the adviser may need to price the security using the Fund's fair value pricing guidelines. Without a fair value price, short term traders could take advantage of the arbitrage opportunity and dilute the NAV of long-term investors. Securities trading on overseas markets present time zone arbitrage opportunities when events

affecting portfolio security values occur after the close of the overseas market, but prior to the close of the U.S. market. Fair valuation of the Fund's portfolio securities can serve to reduce arbitrage opportunities available to short term traders, but there is no assurance that fair value pricing policies will prevent dilution of the Fund's NAV by short term traders. Fair valuation involves subjective judgments and it is possible that the fair value determined for a security may differ materially from the value that could be realized upon the sale of the security. The Fund may invest in ETFs and other investment companies ("Underlying Funds"). The Fund's NAV is calculated based, in part, upon the market prices of the Underlying Funds in its portfolio, and the prospectuses of those companies explain the circumstances under which they will use fair value pricing and the effects of using fair value pricing. Because foreign securities trade on days when the Fund's shares are not priced, the value of securities held by the Fund can change on days when the Fund's shares cannot be purchased or redeemed.

HOW TO PURCHASE SHARES

MINIMUM INVESTMENTS:

The minimum initial and subsequent investment is \$1,000 and \$50 for all accounts. The minimum initial and subsequent investment for automatic investment accounts is \$1,000 and \$50. However, the Fund or the Adviser may waive any minimum investment requirement at its discretion.

There is no minimum investment requirement when you are buying shares by reinvesting dividends and distributions from the Fund. Investment minimums may be higher or lower for investors purchasing shares through a brokerage firm or other financial institution. To the extent investments of individual investors are aggregated into an omnibus account established by an investment adviser, brokerage firm, retirement plan sponsor or other intermediary, the account minimums apply to the omnibus account, not to the account of the individual investor.

For accounts sold through brokerage firms and other intermediaries, it is the responsibility of the brokerage firm or intermediary to enforce compliance with investment minimums.

OPENING AN ACCOUNT:

The Fund is a separate series of MSS Series Trust (the "Trust"), and you may purchase shares directly from the Fund. You also may purchase shares through a brokerage firm or other intermediary that has contracted with the Trust to sell shares of the Fund. You may be charged a separate fee by the brokerage firm or other intermediary through whom you purchase shares.

If you are investing directly in the Fund for the first time, please call the Fund's transfer agent at 1-866-458-4744 to request a Shareholder Account Application. You will need to establish an account before investing. Be sure to sign up for all the account options that you plan to take advantage of. For example, if you would like to be able to redeem your shares by telephone, you should select this option on your Shareholder Account Application. Doing so when you open your account means that you will not need to complete additional paperwork later.

Your investment in the Fund should be intended as a long-term investment vehicle. The Fund is not designed to provide you with a means of speculating on the short-term fluctuations in the stock market. The Fund reserve the right to reject any purchase request that it regards as disruptive to the efficient management of the Fund, which includes investors with a history of excessive trading. The Fund also reserves the right to stop offering shares at any time.

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. This means that when you open an account, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We also may ask for other identifying documents or information, and may take additional steps to verify your identity. We may not be able to open your account or complete a transaction for you until we are able to verify your identity.

If you have any questions regarding the Fund, please call 1-866-458-4744.

You may buy shares on any "business day." Business days are Monday through Friday, other than days the New York Stock Exchange (NYSE) is closed, including the following holidays: New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas Day.

Shares of the Fund are sold at NAV. The NAV generally is calculated as of the close of trading on the NYSE every day the NYSE is open. The NYSE normally closes at 4:00 p.m. Eastern Time ("ET"). The Fund's NAV is calculated by taking the total value of the Fund's assets, subtracting its liabilities, and then dividing by the total number of shares outstanding, rounded to the nearest cent.

If you are purchasing directly from the Trust, send the completed Shareholder Account Application and a check payable to the Fund in which you are investing to the following address:

MSS Series Trust
c/o Mutual Shareholder Services, LLC
8000 Town Centre Drive, Suite 400
Broadview Heights, OH 44147

Purchase orders received in "proper form" by the Fund's transfer agent before the close of trading on the NYSE will be effective at the NAV next calculated after your order is received. On occasion, the NYSE closes before 4:00 p.m. ET. When that happens, purchase orders received after the NYSE closes will be effective the following business day.

To be in "proper form," the purchase order must include:

- Fund name and account number;
- Account name(s) and address;
- The dollar amount or number of shares you wish to purchase.

The Fund may limit the amount of purchases and refuse to sell to any person.

Method of Payment. All purchases (both initial and subsequent) must be made in U.S. dollars and checks must be drawn on U.S. banks. Cash, credit cards and third party checks will not be accepted. Third party checks and checks drawn on a non-U.S. financial institution will not be accepted, even if payment may be effected through a U.S. financial institution. Checks made payable to any individual or company and endorsed to MSS Series Trust or the Fund are considered third-party checks.

A \$20 fee will be charged against your account for any payment check returned to the transfer agent or for any incomplete electronic funds transfer, or for insufficient funds, stop payment, closed account or other reasons. If a check does not clear your bank or the Fund is unable to debit your pre-designated bank account on the day of purchase, the Fund reserves the right to cancel the purchase. If your purchase is canceled, you will be responsible for any losses or fees imposed by your bank and losses that may be incurred as a result of a decline in the value of the canceled purchase. The Fund (or the Fund's agent) each have the authority to redeem shares in your account(s) to cover any losses due to fluctuations in share price. Any profit on such cancellation will accrue to the Fund.

If you choose to pay by wire, you must call the Fund's transfer agent, at 1-866-458-4744 to set up your account, to obtain an account number, and obtain instructions on how to complete the wire transfer.

Wire orders will be accepted only on a day on which the Fund, custodian and transfer agent are open for business. A wire purchase will not be considered made until the wired money and the purchase order are received by the Fund. Any delays that may occur in wiring money, including delays that may occur in processing by the banks, are not the responsibility of the Fund or its transfer agent. The Fund presently does not charge a fee for the receipt of wired funds, but the Fund may charge shareholders for this service in the future.

AUTOMATIC INVESTMENT PLANS:

By completing the Automatic Investment Plan section of the account application, you may make automatic monthly investments (\$50 minimum per purchase) from your bank or savings account.

OTHER PURCHASE INFORMATION:

If your wire does not clear, you will be responsible for any loss incurred by the Fund. If you are already a shareholder, the Fund can redeem shares from any identically registered account in the Fund as reimbursement for any loss incurred. You may be prohibited or restricted from making future purchases in the Fund.

The Fund may authorize certain brokerage firms and other intermediaries (including its designated correspondents) to accept purchase and redemption orders on its behalf. The Fund is deemed to have received an order when the

authorized person or designee receives the order, and the order is processed at the NAV next calculated thereafter. It is the responsibility of the brokerage firm or other intermediary to transmit orders promptly to the Fund's transfer agent.

HOW TO REDEEM SHARES

REDEEMING SHARES:

You may redeem your shares on any business day. Redemption orders received in proper form by the Fund's transfer agent or by a brokerage firm or other intermediary selling Fund shares before 4:00 p.m. ET (or before the NYSE closes if the NYSE closes before 4:00 p.m. ET) will be processed at that day's NAV. Your brokerage firm or intermediary may have an earlier cut-off time.

"Proper form" means your request for redemption must:

- Include the Fund name and account number;
- Include the account name(s) and address;
- State the dollar amount or number of shares you wish to redeem; and
- Be signed by all registered share owner(s) in the exact name(s) and any special capacity in which they are registered.

The Fund may require that the signatures be guaranteed if the mailing address of the account has been changed within 30 days of the redemption request. The Fund also may require that signatures be guaranteed for redemptions of \$25,000 or more. Signature guarantees are for the protection of shareholders. You can obtain a signature guarantee from most banks and securities dealers, but not from a notary public. All documentation requiring a signature guarantee must utilize a New Technology Medallion stamp. For joint accounts, both signatures must be guaranteed. Please call the transfer agent at 1-866-458-4744 if you have questions regarding signature guarantees. At the discretion of the Fund, you may be required to furnish additional legal documents to insure proper authorization. The Fund will not make checks payable to any person other than the shareholder(s) of record.

Shares of the Fund may be redeemed by mail or telephone. You may receive redemption payments in the form of a check or federal wire transfer. A wire transfer fee of \$20 will be charged to defray custodial charges for redemptions paid by wire transfer. Any charges for wire redemptions will be deducted from your account by redemption of shares. If you redeem your shares through a brokerage firm or other intermediary, you may be charged a fee by that institution.

REDEEMING BY MAIL:

You may redeem any part of your account in the Fund by mail at no charge. Your request, in proper form, should be addressed to:

MSS Series Trust
c/o Mutual Shareholder Services, LLC
8000 Town Centre Drive, Suite 400
Broadview Heights, OH 44147

TELEPHONE REDEMPTIONS:

You may redeem any part of your account in the Fund by calling the transfer agent at 1-866-458-4744. You must first complete the Optional Telephone Redemption and Exchange section of the investment application to institute this option. The Fund, the transfer agent and the custodian are not liable for following redemption instructions communicated by telephone to the extent that they reasonably believe the telephone instructions to be genuine. However, if they do not employ reasonable procedures to confirm that telephone instructions are genuine, they may be liable for any losses due to unauthorized or fraudulent instructions. Procedures employed may include recording telephone instructions and requiring a form of personal identification from the caller.

The Fund may terminate the telephone redemption procedures at any time. During periods of extreme market activity it is possible that shareholders may encounter some difficulty in telephoning the Fund, although neither the Fund nor the transfer agent has ever experienced difficulties in receiving and responding to telephone requests for

redemptions or exchanges in a timely fashion. If you are unable to reach the Fund by telephone, you may request a redemption or exchange by mail.

REDEMPTIONS IN KIND:

The Fund reserves the right to honor requests, in regular and stressed market conditions, for redemption or repurchase orders made by a shareholder during any 90-day period by making payment in whole or in part in portfolio securities ("redemption in kind") on the amount of such a request that is large enough to affect operations (that is, on the amount of the request that is greater than the lesser of \$250,000 or 1% of the Fund's net assets at the beginning of the 90-day period). In-kind redemptions of Fund shares will be redeemed pro rata to the extent that doing so is reasonable and in the best interests of the Fund and its shareholders. The securities will be chosen by the Fund and valued using the same procedures as used in calculating the Fund's NAV. A shareholder may incur transaction expenses in converting these securities to cash.

ADDITIONAL REDEMPTION INFORMATION:

If you are not certain of the redemption requirements, please call the transfer agent at 1-866-458-4744. Redemptions specifying a certain date or share price cannot be accepted and will be returned. The Fund typically expects that it will take up to 5 days following the receipt of your redemption request to pay out redemption proceeds by check or electronic transfer. The Fund typically expects to pay redemptions from cash, cash equivalents, proceeds from the sale of fund shares, any lines of credit and then from the sale of portfolio securities. These redemption payment methods will be used in regular and stressed market conditions. You may be assessed a fee if the Fund incurs bank charges because you request that the Fund re-issue a redemption check. Also, when the NYSE is closed (or when trading is restricted) for any reason other than its customary weekend or holiday closing or under any emergency circumstances, as determined by the Securities and Exchange Commission ("SEC"), the Fund may suspend redemptions or postpone payment dates.

Low Balances: Because the Fund incurs certain fixed costs in maintaining shareholder accounts, the Fund may require that you redeem all of your shares in the Fund upon 30 days written notice if the value of your shares in the Fund is less than \$1,000 due to redemption, or such other minimum amount as the Fund may determine from time to time. You may increase the value of your shares in the Fund to the minimum amount within the 30-day period. All shares of the Fund also are subject to involuntary redemption if the Board of Trustees determines to liquidate the Fund. An involuntary redemption will create a capital gain or a capital loss, which may have tax consequences to you and about which you should consult your tax adviser.

FREQUENT PURCHASES AND REDEMPTIONS OF FUND SHARES

The Fund discourages and does not accommodate market timing. Frequent trading into and out of the Fund can harm all Fund shareholders by disrupting the Fund's investment strategies, increasing Fund expenses, decreasing tax efficiency and diluting the value of shares held by long-term shareholders. The Fund is designed for long-term investors and is not intended for market timing or other disruptive trading activities. Accordingly, the Fund's Board has approved policies that seek to curb these disruptive activities while recognizing that shareholders may have a legitimate need to adjust their Fund investments as their financial needs or circumstances change. The Fund discourages excessive short-term trading in Fund shares and does not intend to accommodate such trading activity by investors. The Fund considers excessive short-term trading to be any pattern of frequent purchases and redemptions of the Fund's shares by an investor or group of investors, acting in concert, that could interfere with the efficient management of the Fund's portfolio or result in increased brokerage and administrative costs. The Fund currently uses several methods to reduce the risk of market timing. These methods include:

- Committing staff to review, on a continuing basis, recent trading activity in order to identify trading activity that may be contrary to the Fund's market timing trading policy;
- Rejecting or limiting specific purchase requests; and
- Rejecting purchase requests from certain investors.

Though these methods involve judgments that are inherently subjective and involve some selectivity in their application, the Fund seeks to make judgments and applications that are consistent with the interests of the Fund's shareholders.

Based on the frequency of redemptions in your account, the Adviser or transfer agent may in its sole discretion determine that your trading activity is detrimental to the Fund as described in the Fund's market timing trading policy and elect to reject or limit the amount, number, frequency or method for requesting future purchases or exchange purchases of the Fund's shares.

The Fund reserves the right to reject or restrict purchase requests for any reason, particularly when the shareholder's trading activity suggests that the shareholder may be engaged in market timing or other disruptive trading activities. Neither the Fund nor the Adviser will be liable for any losses resulting from rejected purchase orders. The Adviser may also bar an investor who has violated these policies (and the investor's financial advisor) from opening new accounts with the Fund.

Although the Fund attempts to limit disruptive trading activities, some investors use a variety of strategies to hide their identities and their trading practices. There can be no guarantee that the Fund will be able to identify or limit these activities. Omnibus account arrangements are common forms of holding shares of the Fund. While the Fund will encourage financial intermediaries to apply the Fund's market timing trading policy to their customers who invest indirectly in the Fund, the Fund is limited in their ability to monitor the trading activity or enforce the Fund's market timing trading policy with respect to customers of financial intermediaries. For example, should it occur, the Fund may not be able to detect market timing that may be facilitated by financial intermediaries or made difficult to identify in the omnibus accounts used by those intermediaries for aggregated purchases, exchanges and redemptions on behalf of all their customers. More specifically, unless the financial intermediaries have the ability to apply the Fund's market timing trading policy to their customers through such methods as implementing short-term trading limitations or restrictions and monitoring trading activity for what might be market timing, the Fund may not be able to determine whether trading by customers of financial intermediaries is contrary to the Fund's market timing trading policy. Brokers maintaining omnibus accounts with the Fund have agreed to provide shareholder transaction information to the extent known to the broker to the Fund upon request. If the Fund or its transfer agent or shareholder servicing agent suspects there is market timing activity in the account, the Fund will seek full cooperation from the service provider maintaining the account to identify the underlying participant. At the request of the Adviser, the service providers may take immediate action to stop any further short-term trading by such participants.

The Fund and the Adviser reserve the right to modify any redemption fee at any time. If there is a material change to the Fund's redemption fee, the Fund will notify you at least 60 days prior to the effective date of the change.

DIVIDENDS, DISTRIBUTIONS AND TAXES

DIVIDENDS AND DISTRIBUTIONS:

The Fund typically distributes substantially all of its net investment income in the form of dividends and taxable capital gains to its shareholders. The Fund intends to distribute net investment income dividends quarterly and long-term capital gains annually. These distributions are automatically reinvested in the Fund from which they are paid unless you request cash distributions on your application or through a written request to the Fund. Reinvested dividends and distributions receive the same tax treatment as those paid in cash. If you are interested in changing your election, you may call the Fund's transfer agent at 1-866-458-4744 or send a written notification to:

MSS Series Trust
c/o Mutual Shareholder Services, LLC
8000 Town Centre Drive, Suite 400
Broadview Heights, OH 44147

TAXES:

In general, selling shares of the Fund and receiving distributions (whether reinvested or taken in cash) are taxable events. Depending on the purchase price and the sale price, you may have a gain or a loss on any shares sold. Any tax liabilities generated by your transactions or by receiving distributions are your responsibility. The Fund anticipates that distributions will be primarily taxed as ordinary income. You may want to avoid making a substantial investment

when the Fund is about to make a taxable distribution because you would be responsible for any taxes on the distribution regardless of how long you have owned your shares. The Fund may produce capital gains even if it does not have income to distribute and performance has been poor.

Early each year, the Fund will mail to you a statement setting forth the federal income tax information for all distributions made during the previous year. If you do not provide your taxpayer identification number, your account will be subject to backup withholding.

The tax considerations described in this section do not apply to tax-deferred accounts or other non-taxable entities. Because each investor's tax circumstances are unique, please consult with your tax adviser about your investment.

DISTRIBUTION OF SHARES

DISTRIBUTOR:

Arbor Court Capital, LLC ("Arbor Court"), 8000 Towne Centre Drive, Suite 400, Broadview Heights, Ohio 44147 is the distributor for the shares of the Fund. Arbor Court is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). Shares of the Fund are offered on a continuous basis.

DISTRIBUTION FEES:

The Trust, with respect to the Fund, has adopted the Trust's Master Distribution and Shareholder Servicing Plan (the "Plan"), pursuant to Rule 12b-1 of the 1940 Act, which allows the Fund to pay the Fund's distributor an annual fee for distribution and shareholder servicing expenses of up to 0.25% of the Fund's average daily net assets.

The Fund's distributor and other entities are paid pursuant to the Plan, for distribution and shareholder servicing provided and the expenses borne by the distributor and others in the distribution of Fund shares., including the payment of commissions for sales of shares and incentive compensation to and expenses of dealers and others who engage in or support distribution of shares or who service shareholder accounts, including overhead and telephone expenses, printing and distribution of prospectuses and shareholder reports used in connection with the offering of the Fund's shares to other than current shareholders; and preparation, printing and distribution of sales literature and advertising materials. In addition, the distributor or other entities may utilize fees paid pursuant to the Plan to compensate dealers or other entities for their opportunity costs in advancing such amounts, which compensation would be in the form of a carrying charge on any un-reimbursed expenses.

You should be aware that if you hold your shares for a substantial period of time, you may indirectly pay more than the economic equivalent of the maximum front-end sales charge allowed by FINRA due to the reoccurring nature of distribution (12b-1) fees.

ADDITIONAL COMPENSATION TO FINANCIAL INTERMEDIARIES:

The Fund's distributor, its affiliates, and the Adviser may each, at its own expense and out of its own legitimate profits, provide additional cash payments to financial intermediaries who sell shares of the Fund. Financial intermediaries include brokers, financial planners, banks, insurance companies, retirement or 401(k) plan administrators and others. These payments may be in addition to the 12b-1 Fees and any sales charge that are disclosed elsewhere in this Prospectus. These payments are generally made to financial intermediaries that provide shareholder or administrative services, or marketing support. Marketing support may include access to sales meetings, sales representatives and financial intermediary management representatives, inclusion of the Fund on a sales list, including a preferred or select sales list, or other sales programs. These payments also may be made as an expense reimbursement in cases where the financial intermediary provides shareholder services to Fund shareholders.

HOUSEHOLDING:

To reduce expenses, we mail only one copy of the prospectus and each annual and semi-annual report to those addresses shared by two or more accounts. If you wish to receive individual copies of these documents, please call the Fund at 1-866-458-4744 on days the Fund is open for business or contact your financial institution. We will begin sending you individual copies thirty days after receiving your request.

FINANCIAL HIGHLIGHTS

The financial highlights table is intended to help you understand the Funds' financial performance for the period of the Funds' operations. Certain financial information reflects financial results for a single Fund share. The total returns in the table represent the rate that an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been audited by Sanville & Company, whose report, along with the Fund's financial statements, are included in the Fund's annual report, which is available upon request.

Selected data for share outstanding throughout the period.

	Period Ended ^(c)
	<u>11/30/2021</u>
Net Asset Value, at Beginning of Period	\$ 10.00
Income (Loss) From Investment Operations:	
Net Investment Income *	0.20
Net Loss on Securities (Realized and Unrealized)	(0.31)
Total from Investment Operations	<u>(0.11)</u>
Distributions:	<u>-</u>
Net Asset Value, at End of Period	<u>\$ 9.89</u>
Total Return **	(1.10)% ^(b)
Ratios/Supplemental Data:	
Net Assets at End of Period (Thousands) Before Waiver	\$ 1,292
Ratio of Expenses to Average Net Assets	13.51% ^(a)
Ratio of Net Investment Loss to Average Net Assets After Waivers	(11.34)% ^(a)
Ratio of Expenses to Average Net Assets	0.01% ^{(a) (d)}
Ratio of Net Investment Income to Average Net Assets	2.16% ^(a)
Portfolio Turnover	47.81% ^(b)

* Per share net investment income (loss) has been determined on the basis of average shares outstanding during the period.

** Total return in the above table represents the rate that the investor would have earned or lost on an investment in the Fund assuming reinvestment of dividends. Returns would have been lower had the Adviser not reimbursed expenses/waived fees during the period.

(a) Annualized.

(b) Not Annualized.

(c) For the period December 31, 2020 (commencement of investment operations) through November 30, 2021.

(d) The Adviser voluntarily waived 2.25% in expenses for the period ended November 30, 2021, that is outside of the Expense Limitation Agreement.

PRIVACY NOTICE

MSS SERIES TRUST

FACTS	WHAT DOES THE MSS SERIES TRUST DO WITH YOUR PERSONAL INFORMATION?
--------------	--

Why?	Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some, but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.
-------------	---

What?	<p>The types of personal information we collect and share depends on the product or service that you have with us. This information can include:</p> <ul style="list-style-type: none"> • Social Security number and wire transfer instructions • account transactions and transaction history • investment experience and purchase history <p>When you are no longer our customer, we continue to share your information as described in this notice.</p>
--------------	---

How?	All financial companies need to share customers' personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers' personal information; the reasons the MSS Series Trust chooses to share; and whether you can limit this sharing.
-------------	---

Reasons we can share your personal information:	Do we share information?	Can you limit sharing?
For our everyday business purposes - such as to process your transactions, maintain your account(s), respond to court orders and legal investigations, or report to credit bureaus.	YES	NO
For our marketing purposes - to offer our products and services to you.	NO	We don't share
For joint marketing with other financial companies.	NO	We don't share
For our affiliates' everyday business purposes - information about your transactions and records.	NO	We don't share
For our affiliates' everyday business purposes - information about your credit worthiness.	NO	We don't share

For our affiliates to market to you	NO	We don't share
For non-affiliates to market to you	NO	We don't share
QUESTIONS?	Call 1-866-458-4744	
What we do:		
How does the MSS Series Trust protect my personal information?	<p>To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.</p> <p>Our service providers are held accountable for adhering to strict policies and procedures to prevent any misuse of your nonpublic personal information.</p>	
How does the MSS Series Trust collect my personal information?	<p>We collect your personal information, for example, when you</p> <ul style="list-style-type: none"> • open an account or deposit money • direct us to buy securities or direct us to sell your securities • seek advice about your investments <p>We also collect your personal information from others, such as credit bureaus, affiliates, or other companies.</p>	
Why can't I limit all sharing?	<p>Federal law gives you the right to limit only:</p> <ul style="list-style-type: none"> • sharing for affiliates' everyday business purposes – information about your creditworthiness. • affiliates from using your information to market to you. • sharing for nonaffiliates to market to you. <p>State laws and individual companies may give you additional rights to limit sharing.</p>	

Definitions	
Affiliates	<p>Companies related by common ownership or control. They can be financial and non-financial companies.</p> <ul style="list-style-type: none"> • The MSS Series Trust does not share with affiliates so they can market to you.
Non-affiliates	<p>Companies not related by common ownership or control. They can be financial and non-financial companies.</p> <ul style="list-style-type: none"> • The MSS Series Trust does not share with non-affiliates so they can market to you.
Joint marketing	<p>A formal agreement between nonaffiliated financial companies that together market financial products or services to you.</p> <ul style="list-style-type: none"> • The MSS Series Trust doesn't jointly market.

FOR MORE INFORMATION

Several additional sources of information are available to you. The Statement of Additional Information ("SAI"), incorporated into this Prospectus by reference (and therefore legally a part of this Prospectus), contains detailed information on Fund policies and operations, including policies and procedures relating to the disclosure of portfolio holdings by the Fund's affiliates. Annual reports will, and the semi-annual reports may, contain management's discussion of market conditions and investment strategies that significantly affected the performance results as of the Fund as of the latest semi-annual or annual fiscal year end.

Call the Fund at 1-866-458-4744 to request free copies of the SAI, the annual report and the semi-annual report, to request other information about the Fund and to make shareholder inquiries. You may also obtain this information about the Fund at the internet site www.parvinfunds.com.

You also may obtain reports and other information about the Fund on the EDGAR Database on the SEC's Internet site at <http://www.sec.gov>, and copies of this information may be obtained, after paying a duplicating fee, by electronic request at the following e-mail address: publicinfo@sec.gov.

Investment Company Act File No. 811-21927
